

SOLANO COUNTY WATER AGENCY

MEMORANDUM

TO: Distribution List

FROM: David B. Okita, General Manager

MAY 28 1998

DATE: May 26, 1998

SUBJECT: Issues and Interests Concerning the CALFED Bay-Delta Program

Attached is a copy of a paper prepared by the Solano County Water Agency identifying issues and interests concerning the CALFED Bay-Delta Program. This paper was approved by the Agency's Board of Directors on May 14, 1998.

The paper does not take a position on any of the CALFED alternatives. The Board feels that it is too soon to take a position since more information will be forthcoming through revisions to the Draft Programmatic Environmental Impact Report/Environmental Impact Statement the expected "Assurances Package" that will be available later in 1998. The paper expresses support for the CALFED process to date.

The Solano County Water Agency will be submitting detailed comments on the Draft Programmatic EIR/EIS at a later date. The Board will be reviewing its position on the CALFED Bay-Delta Program as more information becomes available. We will keep you informed of any changes in the Agency's position.
